Choose Life Ministries

Calling America Back to God.
Taking the Sanctity of Human Life message to the world.
www.chooselife-usa.com

Pray the vote.
www.presentialprayerteam.net

While making contacts with churches in Denver, Colorado, I spoke to a pastor who repeatedly asked, "why do you want to come and speak at our church, what do you want?" I replied, "we want to have an opportunity to share the message that God has given us on the sanctity of human life." The pastor continued to press me, believing that we wanted something more. After the conversation, Joli and I

I see the ashen faces walking toward a place of death. There are no smiles, no songs on their lips. I see this place, in history past; where the belief of some is imposed on others; the belief that some are less than others. This place, where millions are killed; where a grey zone is made from the ashes of those left behind. I awake from this nightmare. The faces still engraved in my mind. I awake and think, how could men have lived in this world of the past? A place where a raving lunatic could have millions killed for the sake of

reflected on that question. What do we want? Our hearts desire is to have opportunities to share the message God has given us. God has clearly shown us over and over we are to go to the churches across our nation, from the east coast to the west coast, from the south to the north, sharing with as many as will allow us that opportunity. God is calling America back to Him and He is beginning at His house:

Abortion Holocaust

convenience. I drive on through my neighborhood and see a place; a place that is not so different from history past; a place with the same ashen faces; a place where at least half of those who go in never come out again. What is this place you may ask; where millions have died for the sake of convenience? The sign does not read Auschwitz. Nor are there furnaces burning. But the sign

It's a call to prayer. It's a call to repentance. It's a call to revival. It's a call to activity. It is time to stand! So much has happened in these past three years of ministry, but we feel a continued sense of urgency to go further, to do more. Only through the power and anointing of God and your continued prayers and support can we do the work God has called us to do.

Doug Cullen

reads Planned Parenthood. And the dumpsters out back are full. I try to wake from this nightmare, but I find that it is all still here; the place where millions more have died. More than Hitler could have ever dreamed of. We live in this place. It's called America; where the ashes of the unborn cover those in "educated" positions; those who say we are here by accident; those who come up with theories so they can live without God. But I can see the ashes moving closer to the "church". Those who keep their mouths shut in the face of Hitler-esque doom.

Pray For:

- *Our nation.**
- * The elections.**
- *Our 9 Supreme Court Justices.**
- *The unborn**
- *Healing for hurting women & men .**
- *Choose Life Ministries.**
- *Pray & Fast for an end to Abortion in our nation.**

"I stand with those who honor the worth of every unborn child as created in the image of God. I will strive, in the name of Jesus, to end this holocaust."

Norma McCorvey
(Roe in
Roe vs. Wade
1973)

I am against abortion; I never sought an abortion. The Doe V. Bolton case is based on deceit and fraud.
Sandro Cano 3-23-97
(Doe in Doe Vs. Bolton 1973)

Our prayer is that our nation, beginning with us, God's people, would wake up. The abortion industry is based on lies. Close to 50,000,000 babies have died and 100,000,000 men and women are wounded and hurting. Just stop in and visit one of the memorials, and see the plaques, the letters; you can feel the hurt and the pain.

These memorials have been set up and dedicated to healing generations of pain associated with the loss of aborted children. The National Memorial for the unborn, in Chattanooga, TN., is located on the site where 35,000 babies died, from 1973-1993. In 1993, God used the mustard-seed faith of area Christians to permanently close the abortion facility. Now a pregnancy care center and the memorial occupy the land. A boulder is placed there as an "Ebenezer," the Biblical symbol of the Rock of deliverance (1 Samuel 7:12).

Over and over we have heard the call.
We need revival in the land.
Dr Danny Lovett, president of Tennessee Temple Univ. believes God is calling this generation to stand in the gap for America.

"Jesus, I plead your Blood over my sins and the sins of my nation. God, end abortion and send revival to America."

Thanks be to God which always causes us to triumph in Christ,
and make manifest the savor of His knowledge by us in every place.

Denver, and Colorado Springs, CO.; Casper, Gillette, Sheridan, WY.; Billings, Boulder, Helena, MT.; Peace River, ID.; Sheldon & Elma, WA.; Tuscon, AZ.; Lubbock, TX.; London, KY.; Kingsport and Chattanooga, TN. We are still in awe and amazement of all the places the Lord guided us to this summer, and how He moved in people's hearts in every place. There is not room enough to tell it all. We were discouraged and thinking we had made the wrong decision to head west, doors were closing at every turn, then God

opened the flood gates of His blessing; He confirmed the call.

We pulled into the campground in Helena, MT., not very excited to be staying there. But it was there that God showed us our next step;; go to Washington! Idaho would be a stop along the way and from there we were to go through CA, then AZ, & TX.

Highlights from the trip:

In Denver we spoke at a church right across the street from a Buddhist Temple. Hundreds of people were at the temple celebrating Buddha's birthday: a false religion, a dead god. Only a few

gathered to worship the living God and hear the truth of His word, but those who came, many from the nursing home and suffering from various ailments, were encouraged. God created them and came to redeem them, just as He came for all: if only those across the street would hear the truth and respond to His call. In Casper we spoke at a multi ethnic church, in Billings at a congregation of people who society would deem unworthy. There were many opportunities to witness to so many different people, from all walks of life, as we stayed in campgrounds

in WY & MT. We are so thankful, as we look back on those days, to have had those opportunities to share the Words of Life. God is an Awesome God! There were many people who committed to become less complacent and more active; many times the altar was full as people made commitments and prayed for our nation. **The greatest praise to God is for the two who were saved** in Kingsport, TN. This church meets in a store front building and most who attend are youth and college age and God is doing an amazing work in that place!

Born Alive Infants Protection Act of 2000 & Defining Live Birth Abortion

In 2002 the Illinois legislature debated a law which provided for protection of babies that survived late-term abortions. That same year a similar federal law was passed; the Born Alive Infant Protection Act; It defines when an infant is born alive and when measures need to be taken to protect the child. Only 15

members of the U.S. House opposed it, and it passed the Senate unanimously on a voice vote. Yet, there are some who would contend that even a living, breathing baby, completely outside the mother is still a "fetus" merely because an abortion has preceded the live birth. Without the above

legislation these babies would be left to die (live birth abortion).

In the column to the right, you can find the names of these "survivors" Gianna Jessen travels today sharing her testimony, and believes her soul purpose for existence is to share the gospel of Jesus Christ.

Abortion Survivors

Caitlyn Cullen
TTU TA-31
1815 Union Ave.
Chattanooga, TN.
37404

God has called Caitlyn to deaf ministry; she hopes one day to minister to the deaf in India, and has begun her studies at Tennessee Temple University in sign language interpretation. She will only be able to travel with CLM during her breaks from school. She has traveled with CLM these past 3 years doing puppet ministry for children, and signing for adults, youth and children. We are going to miss her! Please pray for her and for us as God leads us in new directions, and as she continues to be active on her campus with sharing the message of life.

Cliff Cullen
300 Clear Creek Rd.
Pineville, KY
40977

Cliff has begun his second year at Clear Creek Baptist Bible College, and feels God calling him to missions and evangelism. He traveled with CLM this summer speaking to youth, and continues to share the message of life in local churches. He will continue to travel with CLM during his breaks from school. He has a desire to reach youth with the truth of God's word, challenging them to have a biblical world view; especially of science and creation.
