The Marchers Keep Marching

(History of March for Life).

1st	1974	20,000
	1976	65,000
25 th	1998	225,000
	1999	125,000
	2000	100,000
	2001	225,000
	2002	100,000
	2003-2008	200,000
	2009	300,000

"Their Redeemer is
strong;
the LORD of hosts
is his name:
he shall thoroughly
plead their cause..."
Jeremiah 50:34

Moose Lodge or Elk's Cub

Which one do you feel fits most churches today? You may laugh and there may even be some humor, but the sad fact is it is a worthy question. Too many of our churches today have become religious clubs; A place for us to meet & have a time of social gathering. Today's church: 65-75% of churches contacted by CLM refuse to allow us to come & share the message of the Sanctity of Human Life. I do not have the time or space to give all the reasons & quotes but I will share a few, and what our response is; *"We can't afford to have you come"* Not a problem we will come for free. *"We are experiencing some growth & I fear your ministry may stop that."* What kind of growth are you having & is it really beneficial? *"You may offend someone."* I may not, but the sword I will be speaking from might offend someone. *"We do not believe life*

Freedom Of Choice Act (FOCA)

The following information was taken straight from the NARAL website: (FOCA) - a measure that will codify *Roe v. Wade's* protections and guarantee the right to choose for future generations of women.

In other words, the plan is to pass a federal law that will nullify any and all laws passed protecting the unborn in all states since 1973. This act promises to guarantee a woman's right to choose even if *Roe V Wade* is overturned. Why the urgency? Because the first ever federal ban on abortion was upheld by our supreme court. The ban they are referring to is the ban on partial birth abortion. The most horrific means of killing an unborn child.

FOCA will nullify parental consent laws, informed consent laws and the ban on partial birth abortion to name a few. A 12 year old can get an abortion without her parent's consent. There are lawmakers that would vote for FOCA and who would also support laws preventing that same 12 year old from getting her ears pierced without parental consent. O, the irony!

FOCA was scheduled to be passed into law on the 36th anniversary of *Roe V Wade*, Jan. 22, 2009. It was postponed largely due to the March for Life. The plan now is to subtly pass one part of the bill at a time. It will most likely be attached to other bills.

is life until after the birth." This one does not even deserve a response. And the last one, *"We do not believe the church should get involved in social issues."* That is the problem! The church does not believe in being active outside the four walls of the church. The church has abandoned God's Word and only 9 % of born again Christians in America believe in moral absolutes as the bible teaches. That is why we have 3600 babies dying every day (and that number will be going up); why we have legalized assisted suicide; why we have men marrying men; why we have pornography, etc, etc.... You get the point. The church needs to influence the culture not our culture influencing the church. So, are we going to change the names of our churches or are we going to be the salt and light that Jesus commands us to be? [Please see article on page 2 – America – the mission field].

March for Life

On January 22, 1974, the first March for Life was held on the West Steps of the Capitol. An estimated 20,000 committed prolife Americans rallied that day on behalf of our preborn brothers and sisters. Now 34 years later the March continues! Emphasizing that all human life should be protected from conception to natural death.

REMEMBER, the Life Principles mean "Equal Care" with No Exceptions!

With respect to a difficult pregnancy, the principle of "equal care for both the pregnant mother and her preborn child" is well established. Although a pregnant mother and/or her preborn child may die, there is no justification in the law of God or man for the intentional killing of even one innocent born or preborn human in existence at fertilization. NO EXCEPTION! NO COMPROMISE!

Choose Life Ministries holds to this belief, and we will continue to march on and seek to promote a culture of life in America again. We feel our call is to the church; as noted above, the culture has affected the church instead of the church affecting the culture. The culture of "death" has infiltrated the church. For 36 years we've tried the liberal approach of doing nothing, it is time to be active.

Bethany Baptist Church during the recent ice and snow storm.
Apt. in back is where we stayed.

Upcoming Events

The 40 Days for Life Campaign February 25 -April 5

One of the largest and longest coordinated pro-life initiatives. Help save lives by getting involved today!

Choose Life Ministries News and Updates

Doug had the opportunity to share an encouraging devotional message with the staff of Answers in Genesis on Thursday February 19th at the Creation Museum. AIG has been a tremendous help to our ministry and Doug was also able to share with some of the staff, the Sanctity of Human Life message.

The Creation Museum is located in Hebron, KY. and if you haven't visited yet, make plans to include it on your next vacation.

If you would like a copy of the devotion, it is available on CD and we will send one to you at no cost. Contact us by phone, email or regular mail. [DVD'S of SOHL message also available \$5]

Cliff and Caitlyn joined us on Sanctity of Human Life Sunday January 18th as we spoke to adults, youth and children at Big Bone Baptist Church in Union, Ky. Carl Kirby, renowned speaker from Answers in Genesis was in attendance. That evening, we spoke to all age groups at Piner Baptist church as our originally scheduled church had to cancel. We were encouraged by both of these congregations, and we praise God for

orchestrating our meeting at Piner. We also want to thank God for how He has supplied our need through the faithful, sacrificial giving of His people even in the troubling economic crisis. We are enabled to continue as ministers of the gospel and to keep on keeping on.

We will be traveling from Kentucky to Georgia and then on to Florida. We will be attending a pregnancy center conference, and then speaking in Macon, Ga. on March 8th. Our schedule in Florida is very busy; every Sunday morning, except Easter, we are scheduled to speak, Praise the Lord! We are excited to be going to the Florida Keys and the opportunities God has given us to share at the churches in the lower keys including 5th street Baptist in Key West. We are also so thankful for the housing God provides through His people all along the way. We have had great places to stay and the home provided for us in the Keys is amazing! Thank you Key Largo Baptist Church!

We will be traveling to Mississippi the end of May for the NAMB commissioning service.

America's Churches= The Mission Field of 2009

What America needs is real Christianity; the kind of Christianity that changed the course of history. The kind of Christianity that propelled the Pilgrims, Puritans, and Patriots to shake off the bands of tyranny and establish this great country called America.

Christianity of old quenched the flames of oppression, lit the fires of freedom, and led two continents out of the darkness of paganism.

Today's Christianity cannot even rid the nation of legal abortion.

The problem with America's Christianity today

is that, for the most part, it doesn't exist! What passes for Christianity is instead an anemic, spineless, diluted substitute without convictions or principle.

(According to Barna, only 9% of America's born again Christians have a Biblical worldview). George Barna's research suggests that the real mission field may not be in heathen lands across the seas but in America's churches right here at home!

Article points taken from "Christians no different from the world" by Chuck Baldwin.

God's Promises are Yes and Amen! 2 Corinthians 1:20

The hope that we have in Christ is something we need to keep foremost in our minds as we are all facing troublesome times. I am saddened at the state of America. To me, it's like I am mourning her death. But I know, that through the power of God, just as Jesus was resurrected from the dead, and I will be one day too, so can America. There is still hope. If we, God's people, will humble ourselves and pray and turn from our wicked ways, seeking God's face, not his hand.

My heart is so burdened for those who have no hope. They walk in darkness, without the light of Christ. My greatest desire as I teach children

and youth is to convey to them that **God's Word is true!** What God says - will happen. What God say about how the world began and how it will end is true. **The bible is accurate historically and scientifically.** If the earth is millions, billions of years old, than it would seem God has not kept His promise. But the earth is only 6,000 or so years old. The history from Adam to Jesus is well documented and though we do not know the day nor the hour when Jesus will return, we know He is coming back. God's keeps His promises! Until then, we need to be busy in the ministry God has called us to do, shining light in a dark world!
