

**Aroma of LIFE****God Answers Prayer!** by Doug Cullen

While recovering from my hip replacement surgery in November, I felt God calling us to more prayer. In Colossians 4:12, the prayer of a fellow servant helped others to stand perfect and complete in the will of God. We have seen the power of prayer in this ministry, yet we never seem to tap into that power as much as we should. I felt God was and is calling for more prayer from me, more prayer from Choose Life Ministries, and more prayer from the pastors at the

churches we are going to and those we have been at in the past. At the start of 2013, I began asking every pastor of every church on our calendar to pray ten minutes a day, ten days before we were to share a Biblical Worldview of LIFE.

God has answered, lives are being saved! We have seen more people at the altar in the first six months of 2013 than in the seven previous years of Choose Life Ministries all put together. With all the peo-

ple at the altar, we know the good news is, God is still at work in people's hearts.

"Rain down, you heavens, from above, And let the skies pour down righteousness; Let the earth open, let them bring forth salvation, And let righteousness spring up together. I, the LORD, have created it".
Isaiah 45: 8

Great Expectations Ministry Update

We have just passed the eight year marker for Choose Life Ministries! As we reflect on the past years we stand in awe of all that God has taught us and all the great things He has done! And we thank God for each of you! We could not have continued to go and serve without your prayers and financial help. We praise God for all the opportunities to share in Colorado and for our first opportunity to speak in Iowa and Illinois. One church we traveled to was located in Woodland Park, Colorado at 8,465 feet elevation, and it was called the city in the clouds. We also spoke at our first Filipino church, and we have been

asked to come back to speak to other Filipino congregations. We were excited to see many youth there at the 2:00pm services. It is vital that we share the message of LIFE with the next generation. As the youth and children are taught a biblical world view, then they will be able to be salt and light in their generation.

After Colorado, we traveled over 1100 miles to Iowa and Illinois, and shared at two churches in each state. We had a good time of fellowship and met some champions for LIFE! In every place God moved in

the hearts of so many, all glory to His name.

We have two testimonies we would like to highlight; in Colorado, a woman approached us after the services and said she felt God leading her to start a ministry for the disabled. She fully surrendered that day to the call God placed on her heart, praise the Lord! At another service a man shared that he always believed that abortion was ok in the case of rape, but after hearing the message, God had changed his heart. Many people have changed their position to being 100 % pro life even in the case of rape. Praise the Lord!

The Final Victory by Doug Cullen

Have we become a nation of fools? It is sad to say, but I believe in America we would have to answer yes. All we have to do is look around us. This display at a Military Memorial in Colorado

caught our eye. Notice, God is missing. Psalm 14:1 says that "The fool has said in his heart, 'There is no God.' They are corrupt, They have done abominable works, There is none who does good." How soon we forget that God is the very One who has given us all our military victories. Yet our nation will not even acknowledge His very Being.

It is time for spiritual change in the United States, and that begins with us, the body of Christ, standing on biblical principles, not sitting in silence in order to be seen as politically correct. We must dare to speak up, and ask God to pour out the Holy Spirit upon us that we may boldly proclaim His word.

2 Timothy 2:25-26 is a great verse to live by as we encounter opposition all around us. "**Gently instruct** those who are in opposition and **pray** that God will give them repent-

ance that they may acknowledge the truth, and that they may recover themselves out of the snare of the devil, who are taken captive by him at his will."

Then, remember God's promise ~

He will swallow up death forever! The Sovereign Lord will wipe away all tears. He will remove forever all insults and mockery against his land and people. The Lord has spoken! In that day the people will proclaim,

"This is our God! We trusted in him, and he saved us! This is the Lord, in whom we trusted. Let us rejoice in the salvation he brings!" (Isaiah 25:8, 9)

Join the Brady Project

Brady Paul Surovik was killed in a drunk driving accident that also injured his mother, but no charges were filed because Brady was not recognized as a person in the state of Colorado even though the accident occurred only hours before his birth. You see his mom was sent home from the doctor to wait just a little longer until labor began but on the way home tragedy struck.

We can make a difference. Make sure your state has a Personhood Law. North Dakota just passed the first one!
