

Merry Christmas and a Blessed 2022 from Choose Life Ministries!

"The Advent story reminds us that our past, present, and future hope rest not on our willingness, but on the willingness of the One, for whom the angels sing, the shepherds worshipped, and the Magi searched."

Unborn Baby Surprises Her Family By Showing Them That She Loves Their Favorite Drink! (by Joli Cullen)

In Sunday school one morning, we were talking about how people who are walking in darkness need the light of Jesus. I shared with the class about a young woman who did not believe that an unborn baby was a human being with dignity and value. Our pastor's wife began to tell the story about seeing something unbelievable as she watched her unborn great granddaughter during her 4D sonogram. The mama had a Frappe drink with her, and as soon as she took a sip of it, **they all watched in wonder as baby Nora licked her lips.** It was something to behold!

**Please pray that everyone around the world
could see the wonder and beauty of an unborn baby.**

Today we have a window into the womb with the 4D sonograms. May God send more laborers out to proclaim the message of life and may He provide a way that every woman can see their baby so that they can know how very alive they are.

The young women that I told the story about had posted her comments on a post on social media that Doug had shared about the unborn. She said, "a small cluster of cells is not a viable human life, and some women make the tough decision to not incubate these cells. Others choose to keep these cells and give it up for adoption." Then she added, "Also, you seem to assume I believe in a deity and that your comments might sway me. Don't."

Only the light of Jesus and the truth of His word will open her eyes. Please pray for her Isaiah 9:2.

"The people who walked in darkness have seen a great LIGHT; those who dwelt in the land of intense darkness and the shadow of death, upon them has the Light shined." Isaiah 9:2
